

## Exchange OnLine Requirements and Supported Operating Systems/Browsers

The table below outlines the required operating systems and browsers that meet security and application requirements for access to Exchange OnLine. Cookies and JavaScript must be enabled. Use of AOL browsers not recommended. The latest version of all identified supported browsers below will be supported even when testing is not fully completed.

Operating System	Microsoft® Internet Explorer Microsoft® Edge	Apple Inc. Safari®	Mozilla Firefox®	Google Chrome
Windows® 7	11.0	N/A	59.0	65.0
Windows® 8.1	11.0	N/A	59.0	65.0
Windows® 10.0	11.0, Edge	N/A	59.0	65.0
Mac OS X 10.11 (El Capitan™)	N/A	11.0	59.0	N/A
Mac OS X 10.13 (High Sierra™)	N/A	11.0	59.0	N/A
iPad®	N/A	9.2	N/A	N/A
iPad® mini	N/A	7.1	N/A	N/A

*Cookies and Java Script must be enabled.*

Access to Exchange OnLine also requires:

- a device that supports these specifications
- a connection to the Internet that allows for receiving, accessing, displaying and either printing or storing information you receive from us;
- an email account.

Access to eStatements requires the ability to access and retain a PDF document such as this one.

### **Virus Protection and Spyware**

For your protection, it is important that your computer have the latest virus protection and spyware tools installed including the latest updates as they are released.
